Really not much of a game. All the books are incredibly easy to find; I found them all and finished the game in 12 minutes. Good thing I only payed a dollar.. This game is ok, only bad thing is the camera omg.... I'm getting motion sickness right after 10 minutes of this game. So I said to myself fawk this, I'm not gonna look for those damn books.

Here's a clip of my game play <https://www.youtube.com/watch?v=cS1a2JtCcHM>. I like this game. nothing like searching for lost items. Considering this game is basically a dollar, you get alot more with what you paid for. Open fields to search and a creepy forest. Yes this game is short, but again, it cost almost nothing for this game. I like the detail used in the water, tree's and fog. Thanks team Borov. Sashka Shlapik A+

<https://www.youtube.com/watch?v=tcQFpRbOHiQ>. reminds me of Slender but without the Slender man xD Rubbish "game" the premise is to collect 5 Bibles from around the small map, its a little creepy but not scary and as nothing ever happens. So do not buy this game, do not give these people your money for 3 mins of suspense and 7 mins of boredom.. Imao just found these 5 books in 15 minutes and the game just over. Don't buy this game unless you want 13 minutes of boring, motion sickness enducing gameplay. The sound is also REALLY repetitive after you realize it's the same 5 second clip repeating over and OVER.
