Paul Derrick's *Learning the Night Sky*
Reviewers' Comments

"The book is chock full of great information... You have done a great job." Roger Dillon, Lumberton, TX

"I am really enjoying the book. I am very much an amateur when it comes to stargazing. Your book has been perfect for us. Suddenly dark clear nights with no Moon are a treat." Suzanne Toaspern-Holm, Chico, CA

"WOW, it is really super! I wish I had had it when I started. It has all the basics in one place, nicely explained and illustrated." Paul Swasko, Paris, TX

"I thoroughly enjoyed your book." Trudi Peak, Eddy, TX

"Thanks for letting me participate in this! I can hardly wait for you to have it published! It is great!" Gloria Alcorn, Copperas Cove, TX

"I was impressed both by your knowledge of the topic and your ability to put that knowledge into an easy to understand form. It's the first time I've encountered the '9 region' concept of locating constellations and stars and I found it unique as well as informative... especially for new amateurs."

J.B (Jim) Smith, Georgetown, TX

"Awesome information! Learning the Night Sky is brilliantly layered to benefit both novice and experienced stargazers." Amy Oakley, Waco, TX
